**World Ozone Day Awareness Program**

On the occasion of World Ozone Day, an awareness program was successfully organized in various schools of Ranchi, Jharkhand, by the Dharammeet (Eco Club) of St. Xavier's College, Ranchi. The program was conducted by B.Ed. 2nd year student-teachers as part of their internship in the allotted schools.

The primary objective of this initiative was to create awareness among school students about the importance of the ozone layer and the urgent need to protect it from depletion. The program commenced with an informative and interactive video presentation, which helped students understand the concept of the ozone layer and its crucial role in protecting life on Earth from harmful ultraviolet (UV) rays.

Following the video session, an engaging quiz competition was organized by the student-teachers to assess and reinforce the students understanding. The program also included a variety of creative and educational activities designed to encourage active participation and deepen awareness.

### **Activities Conducted:**

- Drawing Competition
- Quiz Competition
- Poster Making Competition
- Essay Writing Competition
- Video Screening
- Awareness Pledge

### **Prize Distribution:**

To encourage participation and appreciate the efforts of students, prizes were distributed among the winners. These included:

- Medals
- Chocolates
- Pens and stationery items

## Impact

The drive significantly enhanced environmental awareness among students in Ranchi. By emphasizing the vital importance of the ozone layer, the initiative motivated students to move beyond being passive observers and become active contributors to environmental conservation. The program concluded with a strengthened sense of responsibility among the youth to safeguard the planet's natural protective systems for future generations.
